Welcome to the January 2019 NYINC Paper Money Auction

It seems like just yesterday we were ushering in 2018 with our official auction of the New York International Numismatic Convention, and yet, here we are presenting our 2019 NYINC catalog. Once again, we open the year with an exceptional offering, featuring important collections, sets and rarities.

In our 2018 NYINC auction, we offered Part 1 of the prestigious Eldorado Collection of Colombian Paper Money. In this catalog you will find the final pieces from this cabinet. In our August 2018 Official Auction of the ANA World's Fair of Money, we presented Part 1 of the collection of scarce, and virtually unseen Argentinian paper money assembled by Robert J. Bauman, author of *The Paper Money of Argentina*. Toward the beginning of this sale we continue our offering of this collection, including many notes that are Rarity-7, reflecting that no more than three were known at the time this distinction was awarded. The rarity of many of these pieces has been verified by researching collections in banks, museums, and in private collectors' hands.

We continue our tradition of featuring scarce Canadian notes, in this case highlighted by a rare VG 10 1870 Two Dollar note (lot 30089) and a Gem 66PPQ 1898 One Dollar DC-13a (lot 30091). The Canadian section also offers items from the Collection of Dr. James Eustace Bizzell, II, including some rare 1935 pieces, and the 1907 Imperial Bank $50 Specimen (lot 30101).

Our Brazilian section of banknotes includes an extraordinary number of high grade proofs, as well as pieces that we have never before offered at auction. While our Hong Kong auctions are a more typical venue for Asian material, we are pleased to have in our 2019 NYINC sale an exceptional quantity of rare, and high grade Asian pieces that are likely missing from even the most advances collections. Highlighting this group is a 1916 Straits Settlements 100 Dollar note immediately followed by the 1925 date (lots 30354 and 30355).

Lots 30346 and 30437 feature the finest PMG graded Rwanda-Burundi 500 and 1000 Franc notes. These pieces are clearly condition anomalies and each presents a unique opportunity for anyone focused on high quality. For those in search of high rarity, we are offering a 1914 Government of Gibraltar 1 Pound note in Fine 15 (lot 30207). This is the only note of the type we have seen or handled; in fact, not one example exists on the PMG census.

Our 2019 NYINC auction catalog presents another excellent sale, offering immaculate notes and rarities, as well as more collector-oriented items. We invite you to look over the catalog and find the notes that are just right for you. You can bid in person at the Grand Hyatt in New York City, by mail or fax, on our website StacksBowers.com, or on our mobile app. We wish you the best of bidding luck.

Enjoy the Paper,

Aris Maragoudakis

Banco Nacional. 1 Peso, ND (1826). P-S338. (BA-7b) In 1826, Congress changed the name of the name of the issuing bank from Banco de Buenos Aires to Banco Nacional. A square (cuadrado) one-peso note was issued with CAJA DE at the lower left corner. To control where the notes would be released for circulation, three different locations were added:

-P. O. for Provincia Oriental (Uruguay)

-B. A. for Buenos Aires. The B.A. was handwritten until the printed notes were available. The handwritten notes were than replaced with the printed ones. The handwritten notes are much scarcer than the printed ones

Provincia de Buenos Ayres

Juan Manuel de Rosas (1793-1877) was a politician and army officer who ruled Argentina from 1835 to 1852. He is often referred to a cruel dictator as well as the "restorer of the laws". He believed that the province of Buenos Aires was the seat of power and should control the economy of the country, which led to conflicts and revolts by some of the other provinces. He also engaged in wars with Bolivia, Brazil, Peru, Uruguay and their allies, Great Britain and France, which resulted in blockades of the port during these conflicts. He was ruthless to his opposition, namely those who wanted to have unified rule with all of the provinces sharing in the government and the economy. His feelings can be seen in the banknotes issued during his administration. The second issue proclaimed, "Death to the Unitarian Savages". He was defeated in the battle of Caseros in 1852 and fled to England where he lived until his death. His biography is an interesting read.

High value Rosas notes are very rare as most were redeemed.

Estado de Buenos Ayres

In 1857, due to the high inflation, a new series of high value notes were issued. They were used primarily by businesses. Very few were actually issued and all issued notes were redeemed. One example of an issued note, in extremely poor condition, is in a private collection. The only other issued note (shown in the catalog) is in a museum. The only example of an issued 5,000 pesos note is in a museum. These were the only three notes issued in 1857. Front specimens of the three notes in this series are offered. Two variations in the text design were prepared for all three notes. Both variations can be seen in the 500 pesos notes. The front proof of the 1,000 pesos note corresponds to the issued note. The 5,000 pesos note is the second type which was not issued. It is believed to be unique. All 5,000 pesos notes, in any form, are extremely rare.

In 1861, the country was finally re-unified with the defeat of General Justo José de Urquiza (Confederacion Argentina) by General Bartolomé Mitre (Buenos Aires) at the battle of Pavon. In 1864, the Banco y Casa de Moneda was created as an interim measure. They issued banknotes with a very simple design that was easily counterfeited. When the Banco de la Provincia de Buenos Ayres was created, banknotes with vignettes and a more intricate design were issued to eliminate counterfeiting. They were backed by silver and gold to restore public confidence in the monetary system. However, the reserves were not sufficient for the number of banknotes issued so people rushed to the bank to exchange the banknotes for silver and gold. Essentially all of the banknotes were either redeemed or exchanged for other banknotes in subsequent years. All of the issued notes seen are in museums. One remainder and one specimen has been obtained in the collection. They are the only ones known in private hands.

Caja de Conversion: Certificados de Deposito - S/N 100002

The failure of the Bancos Garantidos Nacionales led to a continuing financial crisis. The government authorized this new series in 1890 called Certificados de Deposito, which was based on the actual reserves deposited in the bank. By limiting the issue of these banknotes to match the reserves, the government hoped to restore confidence in the currency and stabilize the economy. The contract to design and print them was given to Talleres del Museo de La Plata. The 1- and 5-pesos notes were the first to be printed. However, it was noticed that the words "Certificados de Deposito" were not printed on the notes. The 1-peso note was immediately recalled and stamped "inutilizado". Only a few of the 1-peso notes were issued. The highest serial number seen by the author was 100005. They are very rare. The 5-peso note was not issued. Until recently, only the front of the 5-peso note was known. However, one example of the back of the note was found in the printer's archives. It is unique.

Banco de la Provincia de Buenos Aires. 2 Pesos, 1891. P-S574r. Remainder. (BA-213s) The notes were redesigned and issued with Certificados de Deposito. The 1 and 5-peso notes were issued first and were widely circulated and accepted by the public. When they were redeemed, they were cancelled by punching holes in them or stamping them inutilizado. Based on this, it was decided to issue the rest of the notes in the series: 2, 10, 50, 100 and 500 pesos. However, the public did not believe that the bank had enough reserves so the notes were not accepted. Very few were issued. The only issued notes seen are in museums. A mere mention of Annotation found on the AU50 holder of this remainder.

Banco Hipotecario de la Provincia de Buenos Aires

30022

Banco Hipotecario de la Provincia de Buenos Aires. 500 Pesos, 1891. P-UNL. (BA-232a) Due to continuing economic problems, the government tried a new approach. Since there was not enough gold and silver to back the banknotes, the government issued this series of notes backed by government land. The series had 13 denominations from 5 centavos to 500 pesos. The concept was not accepted by the public and they were heavily discounted.

The first issue of the 500-pesos note, Series A, was probably an interim issue until the notes with the printed signatures and sequenced serial numbers were available. The note was hand-signed by Agustin Roca and Aubone. None of the other issues have a series designation using serial numbers in the place of the series. This is the only known note that is hand-signed with the series designation. Paper Pulls mentioned in the comment section of the holder.

Banco J. Benites e Hijo

This was the first private bank in Entre Rios. Governor Urquiza wanted to make Entre Rios an economic center of the country. To do this, he promoted the establishment of private banks. Sometimes, he also invested in them to broaden his own personal financial position. The Benites family were wealthy merchants and supporters of Urquiza. In 1867, the first set of banknotes was ordered. They were printed by San Martin in Buenos Aires. These are the first three notes of this scarce series.

Banco Hipotecario (de la Provincias Ligadas del Norte). 1 Real, 1841. P-S1679. (TUC-1b) Many provinces were very dissatisfied with the economic policies of Rosa. When negotiations failed, five provinces in the north (Catamarca, Jujuy, La Rioja, Salta and Tucuman) formed an alliance (League of the Provinces of the North) and declared war on Rosas. Since the movement against Rosas started in Tucuman, it became the center of power. A meeting was held in Tucuman on September 24, 1840 to form a consolidated army and to discuss the terms of the alliance. In spite of the consolidated army, the Northern League was defeated and the leaders fled to other countries.

To fund the army, notes were issued in Tucuman. Since there was not enough gold and silver to back the currency, land was used as collateral. They were cancelled with a hole when they were redeemed. However, how the payment was made when they were redeemed is not known. The first notes were issued on March 9, 1841.

PMG comments "Previously Mounted, Hole Cancelled."

Banco Muñoz y Rodriguez. 7 Pesos Fuertes, 1883. P-S1760p, TUC-37p. Proof. (TUC-37p) The company ordered this odd denomination note based on the exchange rate at the time of 7 pesos argentinos equal to one silver peso boliviano. To gain public acceptance, it could also be exchanged for national currency under the applicable law (ley). This coincided with the currency reform of 1883 when the Banco Nacional issued pesos backed by gold (moneda nacional de oro). However, by the time the proof note was sent to the company, the ability to redeem the Banco Nacional pesos for gold was eliminated and the exchange rate had changed. A color trial in blue was also prepared which is in a bank collection. This is the only 7 Pesos note ever prepared in Argentina. Only the front of the note was prepared. It was printed locally by G. Kraft. Pinholes mentioned on the holder.

Republic Argentina. 500 Pesos, 1897. P-UNL. (PM-50) In 1897, the government decided to issue a new series of notes backed by gold reserves. They invited a number of banknote printers to submit designs. However, they decided to use the allegorical symbol of Argentina seated near the coat of arms holding the torch of freedom. This was meant to show progress (El progreso). The notes were printed locally. The strict adherence to monetary policy created one of the most stable economic periods in the history of the country. The "progreso" series was used until 1947.

This pattern was proposed by Fotorotar, Zurich. This company specialized in security measures which are evident in the intricate design details and scrollwork. The back has the earliest engraving of the congress building to appear on a banknote.

CAMEROON

Banque Centrale. 5000 Francs, ND (1962). P-13. These higher denomination Banque Centrale notes on Cameroun are always in high demand. Both this 5,000 Franc and the 10,000 Franc notes seldom appear at auction and when offered the grade is usually lacking. This About Uncirculated note gives exceptional detail of the larger format design with perfect color and strong clarity. PMG mentions "Small Tear," in the comments section of the holder. Terrifically ornate and rare any better.

Dominion of Canada. 2 Dollars, 1870. DC-3a. A rare design in any grade and a note simply not associated with higher grade examples. General Wolfe at left, General Montcalm right. Arched Dominion of Canada, top center with vignette of an Indian Chief on bluff overlooking a 4-4-0 steam train. Appealing 2-TWO-2 protector in green at bottom center. Back in a cigar label style with 2 counters flanking PAYABLE AT, MONTREAL. The condition is exceptionally sound for the assigned grade with only heavy, albeit honest circulation mentioned. PMG has graded just two at this level and a pair finer at a Fine 15 and Very Fine 20 grade.

Just 1.2 million of these were produced, and they remain sought after by collectors and seldom seen in public auctions. This particular example does have a significant amount of wear, along with what PMG calls "pieces missing" however the majority of the design is still in tact.

Imperial Bank of Canada. 50 Dollars, 1907. CH-375-12-16S. Specimen. Specimen overprints and punch cancels. A fantastically rare Waterlow and Sons produced Imperial Bank of Canada $50 design that is the first we have handled in any form. The note shows in a very large format with Queen Alexandra at center with surrounding ornate under-printing. This series is typically only encountered in the lesser denominations with the $20 and above denominations all being very challenging in any form. This is the sole note for the design PMG has graded with no issued notes present in their population report. PMG mentions "Toning," in the comments section of the holder which is overall even. A very important opportunity for the advanced collector of Canadian chartered banks.

Upper Canada $1 - Institutional Collections Only

30104

Bank of Upper Canada. 1 Dollar, 1845-55. CH-770-14-20. An extremely rare Bank of Upper Canada 1 Dollar note that the Charlton Book lists as "Institutional Collections Only" with only two known at the time of the book's publishing. This issue has Toronto engraved above the image of St. George defeating the dragon on the bottom center. "ONE" protector above 'Toronto' in very bold brick red. Vignettes include a seated lion in oval at left, and a woman and dog in the oval at right. At upper center below the bank name is a seated "Commerce" depicted as an allegorical woman.

The note is uniface, but the back shows the very bold printing of the reverse side of the front's "ONE" overprint. PMG comments "Toned" which is likely a result of the age of the paper, and the minor amounts of circulation. Manuscript dates and signatures seen on the face.

Multicolored RBOC 1909 10 Dollar

Extremely Rare

30106

Royal Bank of Canada. 10 Dollars, 1909. CAD630100410. Montreal, Quebec. This 10 Dollar Royal Bank of Canada note from 1909 is one of just a handful known with the Multicolored Frame variety. The most recent Charlton book mentions only 5 known with 1 in an institutional collection. In contrast, there are 17 that contain the black frame around the design. The note shows with circulation typical to the grade level, but the detail required to attract collectors still remains. We anticipate this note will certainly be a standout in any Royal Bank collection, especially since PMG has only certified two examples, this one being the finer of the two, the other a mere VG 10.

PMG Very Fine 25..... $7,500-$12,500

Ultra Rare 1890 $50 Standard Bank of Canada

CANADA

30107

Standard Bank of Canada. 50 Dollars, 1890. CAD6951204. This extremely rare piece is one of only three examples on the PMG census. It was printed by the British American Bank Note Company in Montreal. The Charlton Book lists this note in Fine condition with a value of $11,000 which may prove to be conservative as we have yet to offer an example of this type. This variety has a plate printed date, a manuscript signature at left, and Cowan's signature at right. At left, a vignette of W.F. Cowan is seen with a female operating telegraphic equipment pictured at center. PMG notes a restoration in the comments section, however, the detail throughout the note remains mostly full and exceptional throughout given the age and scarcity of the piece itself.

Extremely Rare - 1883 Union Bank of Newfoundland 5 Pounds

30109

Union Bank of Newfoundland. 5 Pounds, 1883. CH-750-12-08. Saint Johns. This note is the first of four of highly scarce Union Bank of Newfoundland 5 Pound issued examples we are offering. Extremely Rare does not suffice when describing the rarity of this piece, and the subsequent three examples to follow this lot. All four of these pieces hail from the AB series of the 1883 plate dated series which saw a limited run from Serial Number 11001 to 13000. Of the two thousand pieces created, our research indicates that this may be the first time any have come up for US auction. The notes were printed as uniface by the American Bank Note Company. Originally the 1865-1881 examples of this variety were hand-dated leaving us unsure of the print run. However, the 5 Pound plate note was altered in 1883 with the signatures and full date plated onto the notes. This particular example is seen with just some edge wear, and some staining mentioned for accuracy.

PCGS Gem New 66 PPQ

CANADA-NEWFOUNDLAND

30113

Government of Newfoundland. 1 Dollar, 1920. NF-12d. A note that is missing from even the most advanced Canadian collection because there are no finer examples known of the variety. The Newfoundland Treasury Notes of 1920 were issued to deal with a shortage of silver coin (precipitated, as with Charlton notes, by the withdrawal of the cash notes) at a time when the price of silver was very high on world markets. By 1939, about 99% of the total amount of these notes printed had been redeemed and destroyed. Thus surviving examples are already scarce, but usually available in the VF range. The notes get exceedingly rare north of EF, and are even more difficult to find when in search for an original example. This note carries all the desired features from paper quality to margins and complete originality that a true collector could desire.

A fully original Territorial Development piece which marks the first time in recent memory we can recall handling such an example. The piece itself is exceedingly rare, and shows exemplary paper quality met with bright ruby red, and fuchsia pink inks. Bold black inks provide important info such as bank, and serial numbers with the reverse of the holder in Russian. Remainders without signatures such as this are the only known pieces.

Deutsch-Asiatische Bank Five Tael Remainder

30139

Deutsch-Asiatische Bank. 5 Tael, 1907. P-S280r. (S/M #T101-11b) Remainder. Peking. This Deutsch-Asiatische Bank Five Tael note is absolutely sensational. The appeal seen is normally reserved for specimen notes from this issuer and this bright example is noticed with regular serial numbers but without penned signatures at the lower left center. Original paper throughout and mostly handling accounting for the grade, the mounting remnants are quite light and limited to the right margin. Fully watermarked paper and certainly a piece that will highlight any collection.

Distinctive FLBC Printed 25 Pesos 1895 P-237s Specimen Note

30161

Banco Nacional de la Republica de Colombia. 25 Pesos, March 4, 1895. P-237s. Specimen. The lower denomination from a distinctive series printed by Franklin Lee Bank Note Co. (or "FLBC") This is an impressive bond paper specimen note. Issued notes are found from this series and type, but specimen notes are much rarer. The green and orange multicolor face is spectacular with the two vignettes. The back is brown. Stamped SPECIMEN in red, but in small letters in the field. There is a printer's stamp noted, but it is light. Apparently from the ABN Archives, but we are uncertain what lot this came from in either sale. The superior example (Gem Uncirculated 66 EPQ) reached $2,040 in the first sale. This should approach that level as the final available P-237s example from this landmark collection. This fits into many different world collecting topics.

Republica de Colombia. 5 Pesos Oro. July 20, 1915. P-323. An exceptional issued example of the third denomination in this series. There were 1,000,000 notes printed in July 1915. Orange multi-color tint and orange back. Notes of this type were overprinted later on the backs creating the undated 1931 "Plata" P-381 type. Much superior to the note in the Ward Collection that sold in the June 2017 Lyn Knight auction for over $1,500. This note has all the eye appeal of a Choice Uncirculated piece at first glance. It will likely not require an upgrade. Conservatively estimated compared to its superior state of preservation.

CUBA

30178

Ingenio Esperanza Guantanamo. 2 Pesetas, 21-12-1875. P-UNL. This note for wages, or vale, was the typical form of payment for the imported labor on Cuban sugar plantations in the 1800s. This labor force consisted largely of black African field workers, called braceros or macheteros, toiling and suffering under conditions that ranged from peonage to abject servitude. Working from sunup to sundown, their expected production of cutting and hauling of cane for the mill was between one and two tons each day, per worker. As a means of further control, these vales were redeemable only in the company-store owned and operated by the sugar mills. This note dates to 1875, more than a decade before the decree emancipating the slaves in Cuba.

The all-manuscript legend of the note reads "No. 212 / Para Guantanamo / Baro Cerro / dos pesetas / Cuba 21 Dbre 1875," followed below by the signature "Murciano." A strongly inked hand-stamp reads "YNGENIO ESPERANZA / GUANTANAMO" with the initials J B at center; this may refer to John Brooks, a principal of the Brooks Sugar Company, headquartered in New York City, owner of Esperanza, as well as several other Cuban sugar plantations during that era. The piece is well preserved, showing only mild circulation, including minor discoloration.

Rare German East Africa 500 Rupien Offering

GERMAN EAST AFRICA

30204

Deutsch-Ostafrikanische Bank. 500 Rupien, 1912. P-5. A key piece to collecting German East Africa and a one that seldom is available publicly. These 500 Rupien notes are very rare and being from a popular series makes the rarity seem even higher. This was the highest denomination for the issue and differs from the lesser denominations at the portrait where it is left facing rather than right. Auction appearances are seldom and the most recent we are aware of was an About Uncirculated note which brought $36,000 in an August 2018 public sale. The present note shows the initial appeal and detail of a higher grade with still bold color and sharp design features. Some clip rust at the upper left and ink at top right are the only major limiting factors in grade. Certainly a hole in even advanced collections and an offering that will garner remarkable interest from collectors.

GIBRALTAR

30207

Government of Gibraltar. 1 Pound, 1914. P-8. Series B. A highly elusive early issue which is the first we can recall handling. Due to WWI, the note's purpose was to replace coinage. This note does not exist on the PMG census, and as far as we can tell, it is the only example we have seen in a PCGS holder. Therefor, this is certainly among the finest examples known of the type, and certainly rivals any we have seen thus far. The note itself was intended to be redeemed post issue at a later date. ITALIAN EAST AFRICA

30246

Cassa Mediterranea di Credito per l'Egitto. 50 Piastre, ND (1942). P-M3s. Specimen. (SB403s) Specimen serial numbers and perforations. Printed on watermarked paper. These Italian Occupation notes are all quite scarce and those of Egypt are simply rare. This 50 Piastre note is the first we have handled and is an offering that likely will not be replicated in the near future. Portrait of Emperor Octavian at left with scrolled border, same frame housing watermark, right. All notes in issued form for the series are ultra rare and without price in the SCWPM. Just some light mounting remnants are observed and mentioned by PMG in the comments section of the holder. PMG has also graded just this example for the catalog number in any form. An item that will highlight any collection of Egypt and also a rarity for collectors of WWII related banknotes.

Rare King George VI Five Pound Offering

JAMAICA

30254

Government of Jamaica. 5 Pounds, 1942. P-42. This rare KGVI Five Pound note is one that is seldom seen in any condition and the PMG population report confirms this with only two pieces having been encapsulated by them, this Fine note and a Very Fine piece. Mostly even circulation keeps the appeal nice and just a few light annotations are observed at the back. A key catalog number for building a Jamaica collection.

JORDAN

30259

Jordan Currency Board. 10 Dinars, 1949. P-4a. This larger format 10 Dinars note is quite difficult in higher grades and this About Uncirculated offering shows the initial appeal of an Uncirculated note. The circulation is subtle enough that we cannot determine the location looking through the holder. PMG's population report confirms the rarity at grades above this offering with them having certified just a single note in the entire Uncirculated range.

Kingdom of Libya. 1/2 Pound, 1952. P-15cts. Color Trial Specimen. Specimen overprints, serial numbers and punch cancels. Printer's annotations with comment by PMG as well. With high-grade issued notes from this early series being very scarce, these specimen notes give collectors an opportunity to show all the detail that the design could offer. Ultra Rare Funchal, Maderia Leather Chit.

Private Scrip Note

MADEIRA ISLANDS

30276

Marcel Alves D'Araujo. Funchal, Madeira 100 Reis, ca. 19th Century. P-UNL. The text of this small leather 100 Reis scrip note is in a handstamp reading: "MANUEL ALVES D'ARAUJO / Rua dos Nettos / FUNCHAL / MADEIRA," with the denomination, 100, handwritten at center. The piece is somewhat irregularly cut, as made. Its dimensions are approximately 36 x 30 mm, with a thickness of about 1.7 mm.

Manuel Alves D'Araujo was a 19th Century businessman and merchant in Madeira. We believe, but have not yet confirmed, that his business was located on the Rua dos Nettos, where he issued these chits. There is a street named after him in Valongo, Portugal.

A uniface 30 Reis example of this same issue, with identical handstamp and handwritten 30, indicating denomination, is catalogued as Pascoal 256b in "*Fichas da Madeira 1793-1920*", by Carlos Pascoal, 1988.

This tiny Portuguese possession, comprised of four islands off the northwest coast of Africa, had fewer than 100,000 inhabitants during the latter half of the 19th Century, when this piece was issued. Seasoned collectors know that all numismatic items from the Madeira Islands are rare to excessively rare, with far fewer examples known than from other difficult countries, for example even Zanzibar. This offering presents the "One-from-every-country" collector with a fleeting opportunity to nail a Madeira piece. (a later Madeira note of 100 Reis, P-12, which is Portugal P-89 with provisional overprint of 1892 for Madeira, was recently auctioned for $8,400.)

Tied for Finest PMG Graded

30300

Dutch Administration. 100 Gulden, 1954. P-16a. A very scarce series and one with these higher denominations being rare in any grade. This is the finest we have handled for the catalog number and that is a fact that can be said of PMG as well as they have graded just four an this and another in the same grade make up the top of the population report. Just some minor rust at a staple hole at the lower right is observed and commented as "Minor Rust," on the back of the holder. A note that is likely missing in even advanced collections and one that may make our estimate seem conservative.

Restorations noted on the holder, but one cannot be too critical with an example this exceptional and rare. Seldom found in better condition in any variety of the type.

Scarce Tramway Ticket

First tramway (1870's-1880's)
Belvedere, Asunción
Owner -Francisco Morra

PARAGUAY

30310

Empresa de Tramways de F. Morra. 10 Centavos, (ca.1885). P-UNL. This rare Paraguayan Tramway Company ticket is an example of the resourcefulness of people when confronted by an extreme shortage of circulating coinage. Although created as a ticket for a ten-centavo tram fare, its usage as substitute for a 10 c. note was wide-spread, and circulated so intensely that it became a numismatic rarity for future collectors.

This note is perfectly pristine and unimprovable, and will grade high uncirculated. Its original numbered stub is attached, and has never been folded.

The *Empresa de Tramways* rail line terminals were originally the Central Railway Station and Belvedere Park in Asuncion. Its limited reach led to financial difficulties, which the alert entrepreneur Dr. Francisco Morra saw as a business opportunity. He purchased the company from its prior owners for 10,000 Argentine Pesos. He had tickets printed in Buenos Aires by Guillermo Kraft, well known for printing many issues of provincial and private bank notes of Argentina. The uniface ticket-scrip shows a vignette of a horse-drawn tram at center. Included with this lot is an 1880s picture of the original tramway which shows the same actual horse-and-tram as in the vignette, on the tracks in Belvedere, Asuncion. The picture paired with the note adds a sharp dimension of historic realism. Two pieces, note plus photocopy. Not in "Money of the People" sale.

Colonizadora Fernheim - Chaco Central

German Mennonite refugees escaping persecution in the Soviet Union fled to Paraguay in 1929. They established Colonizadora Fernheim in Chaco Central on July 1, 1930. The following notes are from the first series ca.1960s.

They were converted by the Banco Central de Paraguay into officially issued currency notes, resulting in their present-day rarity. The colony is still in existence, but now uses only current Paraguayan banknotes.

Philippines 100,000 Piso

30317

Bangko Sentral Ng Pilipinas. 100,000 Piso, 1998. P-190. A piece made to commemorate the 100 Years of the First Republic, this note bears a Kalayaan Centennial Seal on both the face and the reverse. The front image features a crowd greeting former Philippines President Fidel "Eddy" Valdez Ramos. The reverse shows what would follow that scene. Fidel Ramos is observed flying the Philippine flag in Cavite, at the Aguinaldo Shrine. Men seen on both side with their arms in the air, with the reverse showing hats flying in celebration. The note is stored in a clear case, with a Certificate of Issuance that mentions that this piece is limited with only One Thousand being issued.

The cased note comes in a two tone velvet presentation case that is blue and red in color, with a gold plaque on commemorating the Philippine Centennial 1898-1998. The case is then tied with a red and blue rope, making this truly a remarkable presentation piece.

We anticipate that this piece will receive very spirited bidding, as the majority of these pieces rest within the hands of diplomats and are not readily available for collectors.

Banque de Syrie. 100 Piastres Syriennes, 1920. P-15. A rare 100 Piastres piece seldom seen above the Good level with the majority of these examples that are known plagued by large rips, tears, pieces missing, and flaky and completely worn paper. Some repairs are noted, but this is above and beyond the finest example of the type we can recall handling in recent memory.

30361

Exceptional Tahiti Offering with Unlisted Date

TAHITI

30365

Banque de l'Indo-Chine 500 Francs, 1926. P-13a. This lot contains a special Tahiti piece which the Pick Catalog only lists with a 1923, and a 1938 date option. The catalog also only prices those pieces up to the EF level as it is unconscionable that a piece at this uncirculated level has survived. This particular example has a stamp cancellation diagonally stamped across the face, with some light toning on the note that we mention for accuracy. The design itself features an allegorical woman holding a shield at left, with a sailing ships vignette at upper center. The reverse shows a woman at right with her left breast exposed. The color and detail remains strong throughout the note with an ornate appearance. Excellent centering, and registration observed.

PMG Uncirculated 62. ..... $2,000-$3,000

30366

Banque de l'Indo-Chine 500 Francs, 1938. P-13b. A piece that pairs exceptionally well with the prior lot, and the specimen we are also offering of this type. This example has more handling, but is extremely difficult to find in any condition as an issued note particularly above the Fine level. This fully intact piece shows with some minor edge splits that do not protrude into the design that we mention for accuracy. PMG notes Minor Rust, Annotation on the holder.

PMG Very Fine 25. ..... $2,000-$3,000

30367

Banque de l'Indo-Chine 500 Francs. P-13sp. Specimen Proof. Specimen. This note lacks any overprints making it difficult to attribute to unseasoned collectors. The appealing design shows a detailed vignette of ships in a bay at top center and woman with shield at left. Well centered and likely missing from many collections, and an excellent specimen example to pair with either issued example we are offering in this sale.

Unusual Banco Nacional
20 Centavos "El Cajero" Type

COLOMBIA

31266

Banco Nacional de los Estados Unidos de Colombia. 20 Centavos. ND (1885?). P-UNL. This is an intriguing note. The host note for the oval surcharge on the back is a small format Nunez portrait P-122 style piece with brown back as originally printed. Lithographed by Imp Chaix (in France). Series Y. Portrait center, very light blue undertint as listed for P-122, with titles partly abbreviated. The brown back with oval "EL CAJERO" [cashier] stamping. Very specialized and worthy of close examination. A P-122 Nunez issued note realized $2,800 in last year's Ward Collection sale. The P-122 Plate Note was from Amon Carter and sold in the December 1997 Spink America sale (in a hard to figure large lot of course), but that lot was a four-figure one. The conclusion that P-122 is a key type is not evident by its paltry catalog value. Uncertified. Four small punch hole cancels near corners. Two back corner bald spots and hint of scotch tape on the lower right corner from former mounting. Another difficult note to estimate.

URUGUAY

31741

Banco de Credito & Mall of the Union. 5 Patacones, ND, (1962). P-UNL. Business was supposed to be booming at the newly constructed Mall of the Union, but was dragging during repaving of Avenida 8 de Octubre, a major artery of Montevideo. The alarmed merchants desperately sought a means to turn sales around. Brainstorming together with the new Banco de Credito, successor to the Banco Italiano, and the board of directors of the Mall of the Union shopping center, they created a promotional campaign featuring the Patacon, the obsolete historical coinage of Uruguay.

In May of 1962, at a cost of just $13,000, the association ordered 1,700,000 bearer notes from Barreiro & Ramos Printers in five denominations, differing only in color and face value, expressed in Patacones: 1 in red, 5 in orange, 10 in brown, 50 in violet, and 100 in blue. The notes were then issued by the Banco de Credito to the public, who could acquire them paying only 1% of their face value, e.g., 100 Patacones for $1. The face of each note bears a vignette at right of the Church of San Agustin, established 1849; the back is taken up by a large vignette of the Villa of the Union, with the legend (in translation) "Member of the Banco de Credito Company Union, at 3927 Avenue 8 de Octubre," showing the address of the note issuer, the Banco de Credito. Spaces below are left for the bearer to provide name and address at redemption.

Terms & Conditions

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has repurchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates are not required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a reserve ("Reserve"). A Reserve is a price or bid below which the Auctioneer will not sell an item or will repurchase on behalf of the Consignor or for Stack's Bowers. Reserves may be confidential and not disclosed. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins and currency in this Auction has been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins and currency is subjective and, even though grading has a material effect on the value of the coins and currency, grading may differ among independent grading services and among numismatists. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and currency and are intended to identify coins and currency and note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions, nor do they in any way form the basis for any bid. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent; a Bidder by mail, telephone, Internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. All bids must be on increment as established by the Auctioneer, or half increment (a cut bid). Nonconforming bids will be rounded down to the nearest full increment and this rounded bid will be the bidder's high bid. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, establish bid increments, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes, to exclude any bidder and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder, Telephone Bidder and Live Internet Bidder must bid higher than the highest mail bid to be awarded any lot. Cut bids are only accepted on bids greater than $500 and each bidder may only execute one cut bid per lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, or through our live auction software receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders" and "Live Internet Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

Certain auctions or auction sessions, will be conducted exclusively over the Internet, and bids will be accepted only from pre-registered Bidders.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must complete and sign a registration card either at the auction or online, or otherwise qualify to bid, as determined in the sole discretion of the Auctioneer. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale. Person appearing on the OFAC list are not eligible to bid.

5. Buyer's Premiums. A premium of twenty percent (20%) based upon the total amount of the hammer (minimum of $20), will be added to all purchases of individual lots, regardless of affiliation with any group or organization (the "Buyer's Premium"). A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium.

6. Payment. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in U.S. Dollars, Hong Kong Dollars or Chinese Renminbi. All invoices will be made in United States Dollars. If paying in Hong Kong Dollars or Chinese Renminbi, Buyer's invoices will be credited with the amount of U.S. Dollars received from Auctioneer's bank. Payments may be made by credit card, Paypal, Union Pay, check, wire transfer, money order and cashier's check. Cash transactions will be accepted in the sole discretion of Stack's Bowers, and if accepted, for any cash transaction or series of transactions exceeding $10,000, a Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. Bank wires sent from a foreign bank are subject to an international bank wire fee of $35. We accept payment by Visa, MasterCard, American Express, Discover or Paypal for invoices up to $2,500, with a maximum of $10,000 in any 30 day period. All payments are subject to a clearing period. Checks drawn on U.S. banks will be subject to up to a 10 business day hold, and checks drawn on foreign banks will be subject to a 30 day hold. Bidders who have not established credit with Stack's Bowers must furnish satisfactory information and credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

7. Sales Tax. Buyers will be charged all applicable sales tax unless a valid Resale Certificate has been provided to the Auctioneer prior to the auction. Should state sales tax become applicable in the delivery state prior to delivery of the property on the invoice, the Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. In the event any applicable sales tax is not paid by Buyer that should have been paid, even if not such tax was not charged or collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer nonetheless acknowledges responsibility to pay such sales tax and remains fully liable for and agrees to promptly pay such taxes on demand, together with any interest or penalty that may be assessed by the taxing authority and agrees to indemnify and hold Auctioneer harmless from any applicable sales tax, interest or penalties due. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity to rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, and resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloging and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, seller's fees, attorney fees, and costs, until the indebtedness is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured creditor under Article 9 of the California Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

9. Shipping. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" or that are specifically identified in the catalog are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots shipped to foreign countries will be billed an additional one-half percent (1/2%) for insurance (minimum of $10). For any lots delivered outside the United States, the declaration value shall be the item'(s) hammer price plus its buyer's premium. Auctioneer shall not be liable for any loss caused or resulting from seizure or destruction under quarantine or customs regulation or confiscation by order of any government or public authority. Buyer shall be responsible for paying all applicable taxes, duties and customs charges for all lots delivered outside the United States. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of thirty (30) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim. Orders paid by credit card will only be shipped to the verified address on file with the credit card merchant.

10. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AUTHENTICITY, AND PROVENANCE OF A LOT.

a. COINS AND CURRENCY LISTED IN THIS CATALOG GRADED BY PCGS, NGC, ANACS, ICG, PCGS CURRENCY, PMG, PCGS BANKNOTE GRADING, CMC OR ANY OTHER THIRD PARTY GRADING SERVICE OR EXAMINED BY THE BUYER PRIOR TO THE AUCTION SALE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER, EXCEPT FOR CLAIMS RELATED TO AUTHENTICITY.

b. For non-certified coins and currency that have not been examined by the Buyer prior to the Auction Sale: if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or currency or the coin or currency is not authentic, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

d. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

e. Grading or condition of rare coins and currency may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

g. All oral and written statements made by Stack's Bowers and its employees or agents (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

h. Stack's Bowers is acting as an auctioneer. Title to the lots purchased passes directly from the Consignor to the Buyer. Accordingly, Stack's Bowers is not making, and disclaims, any warranty of title.

i. Bidders shall have no recourse against the Consignor for any reason whatsoever.

j. Bidder acknowledges that the numismatic market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee or represent that any customer buying for investment purposes will be able to sell for a profit in the future.

k. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

11. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, officers, directors, shareholders, agents, subsidiaries, employees, managers and members and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, tort or otherwise, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

12. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the commercial arbitration rules of the American Arbitration Association, with any arbitration hearing to occur in Orange County, California. Absent an agreement of the parties, the arbitrator shall limit discovery to that which is necessary to enable the hearing to proceed efficiently. The arbitrator shall not have the power to award punitive or consequential damages, nor alter, amend modify any of the terms of this Agreement. The award by the arbitrator, if any, may be entered in any court having jurisdiction thereof. Each party shall pay one-half the costs of the arbitration. Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive in personam jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California, and in each case waive any claim of Forum Non Conveniens. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. AUCTION PARTICIPANTS EXPRESSLY WAIVE ANY RIGHT TO TRIAL BY JURY.

13. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. These Terms of Sale and the information on the Stack's Bowers' website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

14. Chinese Translation. The Chinese translations are provided as a matter of convenience. In the event of a conflict, all English Terms and Conditions and lot descriptions take precedence and are binding.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.

PCGS and NGC numbers provided are for bidder convenience only, we do not guarantee their accuracy. An incorrect PCGS or NGC number is not grounds to return a lot.
